

Muhammad Mutlib Ibraheem

Full-Stack Developer | React.js | Next.js | JavaScript | TypeScript | Node.js | WordPress & WooCommerce

Bahria Town Phase 4, Islamabad | 0309-1550508 | mutlibaslam4@gmail.com

PROFESSIONAL SUMMARY

Full-Stack Developer with **4 years of professional frontend experience** and **1 year of backend experience**, building responsive, scalable and user-focused web applications with React.js, Next.js and Node.js. Strong in reusable components, API integration, debugging and performance work, and extending that range to e-commerce builds on WordPress and WooCommerce. Uses AI-assisted development to deliver faster without lowering quality, and is moving from frontend specialist to full-stack developer.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Responsive Design, Reusable UI Components, API Integration

Backend: Node.js, REST API Development & Integration, Server-Side Development, PHP

CMS & E-commerce: WordPress custom theme development, WooCommerce (cart, checkout, shipping, product sync), WP-CLI

Tools & Workflow: Git & GitHub, Debugging & Troubleshooting, Code Optimization, Automated Browser Testing (Puppeteer), AI-Assisted Development, Agile Workflows

PROFESSIONAL EXPERIENCE

Focus IT Services

Present

Full-Stack / Frontend Developer

- Develop and maintain modern web applications and user interfaces with reusable, responsive components.
- Integrate frontend applications with backend APIs and services.
- Troubleshoot, debug and optimize existing applications.
- Work with the team to turn requirements into technical solutions; use AI-assisted tools to speed up delivery.
- Growing backend responsibilities to work across the full application stack.

Digitonic

1 Year

Frontend Developer

- Built and maintained responsive web interfaces with modern JavaScript technologies.
- Created reusable UI components and integrated APIs, handling application data on the frontend.
- Fixed bugs and improved application performance and usability, working closely with the wider development team.

Skysoft.tech

Frontend Development Intern

- Assisted in building and maintaining web application interfaces: UI implementation, debugging and improvements.
- Learned professional development practices and team workflows.

SELECTED PROJECT

TUUR Micro-Roastery: e-commerce storefront (WordPress + WooCommerce)

- Converted a single-file HTML design into a custom WordPress theme and connected it to WooCommerce: one shared cart across all pages, cash-on-delivery checkout, UAE shipping rules and automatic coffee-to-product sync.
- Added a server-validated cart API, a newsletter signup stored in the admin, per-product order limits, standard pages and redirects.
- Wrote 140+ automated browser checks (cart, checkout, admin, every link and popup) and a developer hand-over guide for go-live.

EDUCATION

Bachelor of Science in Computer Science (BSCS)
